ABOUT BWP

A graduate of the University of Mississippi, Vance moved to Atlanta in 2015. Beginning in 2015, she was the Marketing and Events Director for Modern Luxury, the world's largest local luxury media and events company, where she planned events in conjunction with clients ranging from Saks Fifth Avenue, Porsche, Bentley and over 200 local charities, before joining the BWP team!

PROCESS

After a casual conversation to make sure we're the right fit for one another, we'll take a deep dive into the intricacies of your event and the narrative you're wanting to achieve. If we're right for one another, it's time for you to breathe easier while we conceptualize your event's atmosphere and ambiance. After personalized consultations where you'll review prototypes of your event's design elements, leave it to us ensure the production of your event comes together impeccably.

MANAGEMENT

We handle all of your event's execution elements. From production timeline, vendor management, location scouting, destination management, contract negotiation and budgeting, BWP's team is here to fully support you- from the first meeting to day of the event, we are here to ensure that your event meets all of your expectations while making sure you feel worry-free.

DESIGN

We handle every detail through the development and design of your event, including floral, lighting and invitation design. Our extensive event experience and trademark transformational aesthetics give way to a unique and calibrated collaborative experience, assembling your vision before you.
